

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC’s project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2024 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2024 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, “You Must Upload an Attachment to the 4B. Attachments Screen.” Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD’s funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1B-1a.	Experience Promoting Racial Equity.	
	NOFO Section III.B.3.c.	

Describe in the field below your CoC's experience in effectively addressing the needs of underserved communities, particularly Black and Brown communities, who are substantially overrepresented in the homeless population.

(limit 2,500 characters)

The CoC acknowledges the fact that it needs to more adequately address the needs of underserved communities who are substantially overrepresented in the homeless population. The California Department of Housing and Community Development has set forth requirements to improve on system performance measures (SysPM) as it relates to racial equity. The CoC strives to increase accessibility to services by providing additional resources in different languages. Additionally, target outreach to agencies and/or committees currently serving Black and Brown communities will be provided to get additional representation on the CoC.

1B-2.	Open Invitation for New Members.	
	NOFO Section V.B.1.a.(2)	

Describe in the field below how your CoC:

- communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;

2.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and
3.	invited organizations serving culturally specific communities experiencing homelessness in your CoC's geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

The CoC solicits new members by identifying a gap in representation and approaches agencies or individuals who are willing to fill the need. The monthly CoC meetings are open to the public and notification of meeting dates are posted on the Homeless Resource Council of the Sierras' website, as well as through the CoC email list. Meeting packets are emailed five (5) days before the scheduled meeting, and all minutes are posted on the HRCS website. Furthermore, a representative from Advocates for Mentally Ill Housing is active in the CoC and is able to provide guidance on ensuring communication is available to individuals with disabilities. The CoC is responsive to those who need further accessibility. The monthly CoC meetings are always open to the public, and individuals are actively encouraged to become more involved in the CoC. The CoC has invited representation from agencies serving culturally specific communities experiencing homelessness, but additional outreach is needed.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section V.B.1.a.(3)	

Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;
2.	communicated information during public meetings or other forums your CoC uses to solicit public information;
3.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and
4.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.

(limit 2,500 characters)

The Homeless Resource Council of the Sierras (HRCS), the collaborative applicant for CA-515, coordinates and facilitates several regional planning and engagement groups to gather input and information from various stakeholders across the Continuum. In addition to allowing for public comment during the monthly CoC meetings, HRCS has made presentations at City Council meetings, Board of Supervisor meetings, and other public forums to promote homeless service agencies. These presentations gather information about the homeless, and advocate for funds, services and options for the homeless population from persons who have a vested interest in decreasing homelessness. Additionally, HRCS regularly utilizes social media, such as Facebook, to solicit and consider opinions from the community.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section V.B.1.a.(4)	

Describe in the field below how your CoC notified the public:

1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
2.	about how project applicants must submit their project applications—the process;
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and
4.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats.

(limit 2,500 characters)

1. The CoC published the 2024-2025 NOFO on August 14, 2024 to the CoC via email. This notice provided information on the types of projects that will be considered for funding, as well as guidance for agencies that had not previously received CoC Program Competition.
2. An "Intro to the CoC Competition" was provided to all interested agencies on August 21, 2024. This webinar provided information on how to register for eSNAPS and access a new project application. Renewal agencies were also encouraged to attend.
3. The notice sent via email included criteria on the criteria in which agencies would be scored.
4. All CoC Program competition documents was provided in electronic format. Following the webinar hosted by the CoC Consultant, the video recording and powerpoint slides were emailed to the CoC membership. Additionally, the Consultant provided one-on-on TA for agencies needing further assistance.

The CoC has several contracts in place with Placer county Office of Education for the provision of homeless liaison services within the school system. Several representatives are active on CoC committees and during the monthly CoC board meetings. Furthermore, funding has been provided to the local TAY Housing Collaborative to help ensure youth and children have access to safe housing. These partnerships are crucial to effectively serving youth in the primary and secondary school systems.

1C-4b.	Informing Individuals and Families Who Have Recently Begun Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section V.B.1.d.	

Describe in the field below written policies and procedures your CoC uses to inform individuals and families who have recently begun experiencing homelessness of their eligibility for educational services.

(limit 2,500 characters)

The Homeless Resource Council of the Sierras has established the Education Connection policy, ensuring that the Coordinated Entry System enquires about families' education, housing and supportive needs. Families are informed of the types of educational services available and appropriate referrals are made. The CoC-affiliated agencies work directly with the local liaisons to connect children to education services, as well as enrolling them in First 5 programs or in school. With several representatives of the local school Office of Education being active within the CoC, education updates are provided at the monthly CoC meetings.

	Organizations	
1.	State Domestic Violence Coalitions	No
2.	State Sexual Assault Coalitions	No
3.	Anti-trafficking Service Providers	Yes

1C-5a.	Collaborating with Federally Funded Programs and Victim Service Providers to Address Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.
	NOFO Section V.B.1.e.

Describe in the field below how your CoC regularly collaborates with organizations that you selected yes to in Question 1C-5 to:

1.	update CoC-wide policies; and
2.	ensure all housing and services provided in the CoC's geographic area are trauma-informed and can meet the needs of survivors.

(limit 2,500 characters)

1. Stand Up Placer, the primary victim service provider in Placer County, holds a seat on the CoC and actively participates with the group. The agency also works with the other victim services provider and serving the far northeastern corner of the county to ensure that all groups are collaborating on policies to address the needs of survivors. CA-515 administration, members and Stand Up Placer have developed a deep collaborative, and the other members are sensitive to the needs of DV survivors. They ensure that survivors' needs are considered and accounted for in policy discussions. The agency and continuum work together to draft and update policies and written standards to address the needs of survivors. Other than the current DV project, there are no formal DV set-asides in the CoC, but CoC members accept referrals from Stand Up Placer for survivors who may also be eligible for housing under their programs to help meet the needs of survivors.

2. Stand Up Placer holds an RRH project with in the CoC Collaborative Applicant group. The agency staff implementing this project, and all agency services, are all fully trained Sexual Assault/Domestic Violence Counselors and Human Trafficking Case Workers according to CA Evidence Codes 1035-1038 and receive ongoing continuing education on best practices around trauma-informed care. This project meets the needs of only a small proportion of survivors needing to be housed. When other CoC members provide housing and services, they work collaboratively with agency staff to ensure that services are trauma-informed and to provide wraparound services with multiple agencies where needed to fully address the needs of survivors.

1C-5b.	Implemented Safety Planning, Confidentiality Protocols in Your CoC's Coordinated Entry to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	
	Describe in the field below how your CoC's coordinated entry addresses the needs of DV survivors by including:	
1.	safety planning protocols; and	
2.	confidentiality protocols.	

(limit 2,500 characters)

1. The county's 211 runs the main coordinated entry process. When survivors call 211 and express that they are fleeing or attempting to flee DV, the 211 team transfers the call immediately to Stand Up Placer's 24/7 crisis hotline for crisis intervention, safety planning and confidential housing screening. The reason for this is due to confidentiality mandates in CA, described in full below. 211's call recordings could be subpoenaed by abusers, while Stand Up Placer does not record calls and has privilege of confidentiality that 211 does not, and cannot hold, according to current state mandates. Agency staff have provided training to the 211 staff around providing trauma-informed services and how to hot transfer the call to Stand Up Placer.

2. California has strict confidentiality protocols and prohibits victim services providers from directly participating in the county HMIS. The agency runs a parallel coordinated entry for survivors, operated by the 24/7 agency crisis line, and scores according to vulnerability, with lethality risk being one of the key factors, given that the need for shelter and housing among the victim population far outweighs the capacity to provide it. Staff certified as SA/DV Counselors and Human Trafficking Case Workers operate this line and offer survivors the opportunity to access the agency's waitlist for shelter and housing and 211's waitlist via confidential entry to increase their opportunities to obtain housing. Confidential entry consists of using the victims' client IDs and agency ID (SUP) as the clients' names, with their advocate/case manager as the contact. Base information and vulnerability score are included. If the general coordinated entry has an opening for the client, they reach out to the advocate/case manager, who notifies the client and provides a warm handoff to the partner agency with the housing opening. Stand Up Placer removes confidential entrants who secure housing from us from the HMIS list and screens the general list for survivors who may not be in the system.

1C-5c.	Coordinated Annual Training on Best Practices to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section V.B.1.e.	

In the chart below, indicate how your CoC facilitates training for project staff and coordinated entry staff that addresses best practices on safety planning and confidentiality protocols:

		Project Staff	Coordinated Entry Staff

3.	Incorporates Survivor-Centered best practices?	Yes	Yes
4.	Identifies and assesses survivors' individual safety needs?	Yes	Yes
5.	Enhances and supports collaboration with DV organizations?	Yes	Yes
6.	Ensures survivors' rights, voices, and perspectives are incorporated?	Yes	Yes

1C-5d.	Implemented VAWA-Required Written Emergency Transfer Plan Policies and Procedures for Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below:	
1.	whether your CoC's written policies and procedures include an emergency transfer plan;
2.	how your CoC informs all households seeking or receiving CoC Program assistance about their rights to an emergency transfer;
3.	what your CoC requires households to do to request emergency transfers; and
4.	what your CoC does in response to households requesting emergency transfers.

(limit 2,500 characters)

The Homeless Resource Council of the Sierras, the collaborative applicant for CA-515, has adopted into its written standards an emergency transfer plan. This plan relates to non-victim housing service providers, enabling victims to transfer to a different housing unit quickly and without penalty or loss of service/eligibility. If an individual requests an emergency transfer, it is common that the housing agencies collaborate with victim service providers to provide additional services specific to this population. Assistance is provided to individuals and families while completing specific forms to ensure the client is not terminated from the housing program or wrongly evicted from the housing unit. The individual or family will be provided with relocation assistance to safely move them into other housing, whether that be in or out of the county.

1C-5e.	Facilitating Safe Access to Housing and Services for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures households experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking have safe access to all of the housing and services available within your CoC's geographic area.	
---	--

(limit 2,500 characters)

Stand Up Placer offers confidential entry into the general coordinated entry system, described above. We also refer to and advocate with other community partners with housing outside the CoC, such as faith-based programs or privately funded programs, if the client desires to work with such programs. For severe cases where clients are altogether unsafe in our county, we work with sister agencies in the region to try to secure placement out of county.

1C-5f.	Identifying and Removing Barriers for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures survivors receive safe housing and services by:	
1.	identifying barriers specific to survivors; and
2.	working to remove those barriers.

(limit 2,500 characters)

1. Stand Up Placer has been providing services to survivors for 46 years and is well-acquainted with the struggles survivors face when trying to secure safe housing. Common barriers specific to survivors include: prior evictions due to disturbances caused by the intimate partner violence; poor credit as financial abuse occurs in 99% of DV relationships and abusers may open accounts in their name without their knowledge; lack of income, often from being stay at home parents, which makes it difficult for them to secure housing even with a subsidy; substance use or mental health disorders which have created problems with landlords or make it difficult for them to take the steps to secure housing; and overt and soft discrimination by landlords and property managers due especially to race or LGBTQ+ status.

2. Staff work to mitigate barriers by direct advocacy with prospective landlords, engaging in proactive outreach with landlords and recruiting small and corporate landlords who are willing to work with clients who face these barriers. Staff assist survivors with their housing searches as desired and offer lists of “friendly” landlords to approach. Several landlords and property managers notify the agency’s housing team before they advertise openings to the public, and some are willing to take folks with poor credit or who make less than 3x the rent in income, which are significant aids in reducing barriers. They work with clients to clean up their credit reports as much as possible for the short term and continue to work with them to resolve more complex issues. They accompany clients to visit apartments and meet with landlords upon request.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+–Anti-Discrimination Policy and Equal Access Trainings.	
	NOFO Section V.B.1.f.	

1.	Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
2.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	No
3.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	No

1C-6a.	Anti-Discrimination Policy–Updating Policies–Assisting Providers–Evaluating Compliance–Addressing Noncompliance.	
	NOFO Section V.B.1.f.	

Describe in the field below:

1.	how your CoC regularly collaborates with LGBTQ+ and other organizations to update its CoC-wide anti-discrimination policy, as necessary to ensure all housing and services provided in the CoC are trauma-informed and able to meet the needs of LGBTQ+ individuals and families;
2.	how your CoC assisted housing and services providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy;
3.	your CoC’s process for evaluating compliance with your CoC’s anti-discrimination policies; and
4.	your CoC’s process for addressing noncompliance with your CoC’s anti-discrimination policies.

(limit 2,500 characters)

The CoC has a continuum-wide policy regarding anti-discrimination, and all CoC-funded agencies are required to maintain compliance with this policy and establish internal policies within the agency. The CoC is currently restructuring its Outcomes, Measurements and Evaluations Group that evaluates projects on an annual basis. During this evaluation, the committee will review the agencies policies and procedures. If an agency is found to be noncompliant with the anti-discrimination policies, early intervention will be provided. The CoC will have the agency take actionable steps to remedy the findings. If the findings are not resolved, the CoC reserves the right to not recommend the agency for any state or federal funding.

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section V.B.1.i.	

You must upload the Housing First Evaluation attachment to the 4B. Attachments Screen.
Describe in the field below:

1.	how your CoC evaluates every project—where the applicant checks Housing First on their project application—to determine if they are using a Housing First approach;
2.	the list of factors and performance indicators your CoC uses during its evaluation;
3.	how your CoC regularly evaluates projects outside of your local CoC competition to ensure the projects are using a Housing First approach; and
4.	what your CoC has done to improve fidelity to Housing First.

(limit 2,500 characters)

The Rating and Ranking Committee reviews the application in search of specific detail the agency provides to determine if the agency is following a housing first approach. Currently, the Outcomes/Measurements/Evaluation Group (OMEG) is under restructuring. However, the CoC has implemented a Housing First self assessment for any agency applying for CoC funds. The self assessment includes criteria regarding program accessibility, leases, service and engagement, among other project specific criteria as determined by HUD. When the committee is finalized, additional evaluation will be conducted, reviewing the programs policies and procedures to determine if the agency is continuing to comply with Housing First. The indicators OMEG will look for is whether participation in services is required for financial or housing assistance or if there are any barriers the client must overcome prior to receiving services (i.e., maintain sobriety, have employment, etc.). This evaluation will be conducted annually.

1D-3.	Street Outreach—Data—Reaching People Least Likely to Request Assistance.	
	NOFO Section V.B.1.j.	

Describe in the field below how your CoC tailored its street outreach to people experiencing homelessness who are least likely to request assistance.

(limit 2,500 characters)

The CA-515 CoC is comprised of both urban and mountainous regions, with Placer County and the Tahoe/Truckee region making up the CoC geographic composition. Placer County Whole Person Care conducts outreach at least weekly, and Tahoe/Truckee has a separate outreach team as well. Outreach provided by these teams cover the 100% of the CoC's geographic area. Additionally, the Placer County Office of Education has partnered with the CoC to outreach specifically to families with school-aged children through their schools and school-linked programs (i.e., childcare, after-school programs, school mental health programs). These teams have access to the vulnerability assessment and are able to ensure that those individuals who are least likely to request assistance are placed on the By-Name List through Coordinated Entry.

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
	NOFO Section V.B.1.m	
	Describe in the field below how your CoC:	
1.	works with projects to collaborate with healthcare organizations, including those that provide substance use disorder treatment and mental health treatment, to assist program participants with receiving healthcare services, including Medicaid; and	
2.	promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.	

(limit 2,500 characters)

Placer County utilizes Mental Health Services Act funding to provide supportive services to the homeless population. In addition, SOAR training has been provided to government staff, service providers, social workers, case managers, social security staff and volunteers on how to assist persons, especially non-trusting mentally ill persons, with advocacy and assistance with the SSI/SSDI application process. The Placer County Health and Human Services also contracts with agencies to assist homeless individuals and families obtain benefits. Agencies and staff are kept up-to-date regarding mainstream resources via in-person meetings, website postings, and emails. Placer County Adult System of Care is responsible for reporting to the Board of Directors and the CoC about the SOAR program and mainstream benefits assistance.

ID-7.	Partnerships with Public Health Agencies–Collaborating to Respond to and Prevent the Spread of Infectious Diseases.	
	NOFO Section V.B.1.n.	
	Describe in the field below how your CoC effectively collaborates with state and local public health agencies to develop CoC-wide policies and procedures that:	
1.	respond to infectious disease outbreaks; and	
2.	prevent infectious disease outbreaks among people experiencing homelessness.	

(limit 2,500 characters)

Due to Covid-19, many emergency shelters had to modify their capacity. As a result of this, additional funding through ESG-CV has been provided to agencies to be able to temporarily house individuals in hotels. This has been successful in getting individuals off the streets and into emergency housing. While the addition of non-congregate shelter is important, the CoC is actively working on developing more permanent housing.

ID-7a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section V.B.1.n.	
	Describe in the field below how your CoC:	
1.	effectively shared information related to public health measures and homelessness; and	
2.	facilitated communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

Through collaboration with Public Health, the CoC and its affiliated agencies have been able to implement a plan to respond to infectious disease outbreaks. Policies have been incorporated into the CoC written standards addressing how an agency is to partner with public health and respond to any infectious disease outbreaks. As necessary, information is disseminated through the CoC by the County staff who sit on the CoC board. Additionally, policies have been developed to allow for certain agency staff to work remotely, reducing the risk of outbreaks. Furthermore, all homeless service agencies have access to a large quantity of PPE to distribute to those living in unsheltered environments. An emergency referral form has been created to help move individuals and families into services quickly, which has increased capacity in the event of another health emergency.

1D-8.	Coordinated Entry Standard Processes.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC's coordinated entry system:	
1.	can serve everybody regardless of where they are located within your CoC's geographic area;
2.	uses a standardized assessment process to achieve fair, equitable, and equal access to housing and services within your CoC;
3.	collects personal information in a trauma-informed way; and
4.	is updated at least annually using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

The Coordinated Entry System (CES) covers 100% of the geographic area of the CoC. Not only can individuals and households enter into the CES through any service provider, but outreach teams can also enter households into the CES in the field. Additionally, the CES is accessible to anyone by calling 2-1-1 information system. All methods utilize the same standard assessment forms, which is then entered into HMIS. The Outcomes, Measurements, and Evaluation Group (OMEG), currently under restructuring, regularly reviews the Coordinated Entry System process using feedback from agencies and individuals. The CES call center reports to the CoC monthly with data pertinent to the effectiveness of service provision.

1D-8a.	Coordinated Entry–Program Participant-Centered Approach.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC's coordinated entry system:	
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
2.	prioritizes people most in need of assistance;
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their needs and preferences; and

	4. takes steps to reduce burdens on people seeking assistance.
--	--

(limit 2,500 characters)

The Homeless Resource Council of the Sierras has implemented a coordinated entry system (CES) that covers both one hundred percent (100%) of Placer County. Individuals or households experiencing homelessness are able to call into the CES by dialing 2-1-1. CES staff will guide the caller through a standardized vulnerability assessment, identifying the needs and vulnerabilities of the individual. Based on the individual's vulnerability score, he/she/they will be placed on the CoC's By-Name List (BNL) Those with the highest vulnerability score are prioritized for services. CES-affiliated agencies are able to access the BNL and pull eligible persons for their housing programs. All CoC and ESG-funded programs are required to pull names from the top of the BNL, and all other agencies are strongly encouraged to do the same. In addition to the call system, outreach teams use the vulnerability assessment tool during their special outreach to the numerous encampments and to individuals least likely to request assistance.

1D-8b.	Coordinated Entry–Informing Program Participants about Their Rights and Remedies–Reporting Violations.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC through its coordinated entry:	
1.	affirmatively markets housing and services provided within the CoC's geographic area and ensures it reaches all persons experiencing homelessness;
2.	informs program participants of their rights and remedies available under federal, state, and local fair housing and civil rights laws; and
3.	reports any conditions or actions that impede fair housing choice for current or prospective program participants to the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan.

(limit 2,500 characters)

With the very limited housing resources available, collaboration within the CoC is crucial for the successful placements of individuals experiencing homelessness. As rapid rehousing (RRH) and permanent supportive housing (PSH) units become available, notice is provided to all CoC-affiliated agencies via email and monthly CoC meetings. Service providers have fair housing and civil right laws posted publicly for client review. If any impediments to fair housing are identified, the CoC will work with the client and California Rural Legal Assistance (CRLA) to remedy any issue.

1D-9.	Advancing Racial Equity in Homelessness–Conducting Assessment.

2.	how your CoC analyzed the data to determine whether any racial disparities are present in your CoC’s provision or outcomes of CoC Program-funded homeless assistance.

(limit 2,500 characters)

The CoC has not conducted a formal racial equity assessment, but the HMIS Administrator has provided the CoC with reports on Stella and LSA data, as well as reporting on the HUD equity analysis tool. Additional outreach and data assessment is needed to address this issue. Outreach is needed to be provided to agencies serving the Hispanic and indigenous populations.

1D-9c.	Plan for Ongoing Evaluation of System-level Processes, Policies, and Procedures for Racial Equity.	
	NOFO Section V.B.1.p.	

Describe in the field below your CoC's plan for ongoing evaluation of system-level processes, policies, and procedures for racial equity.

(limit 2,500 characters)

The CoC's HMIS system administrator provides monthly data reports, outlining the racial and ethnic demographic of individuals accessing the homeless response system. The CA Dept. of Housing and Community Development has set forth requirements to improve on system performance measures (SysPM) as it relates to racial equity. As part of these requirements, the CoC will continue to track quantitative data from HMIS to further analyze racial equity in the local homeless response system. These data reports help the CoC to review its policies and procedures with an equity lens.

1D-9d.	Plan for Using Data to Track Progress on Preventing or Eliminating Racial Disparities.	
	NOFO Section V.B.1.p.	

Describe in the field below:

1.	the measures your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance; and	
2.	the tools your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance.	

(limit 2,500 characters)

The CoC will use both quantitative and qualitative data to track progress on preventing or eliminating racial disparities. The CA Department of Housing and Community Development has required CoCs to improve on system performance measures (SysPM) as it relates to racial equity in order to receive funding through the Homeless Housing Assistance and Prevention (HHAP) program. The CoC will be analyzing racial disparity data using demographic information from the Homeless Management Information System (HMIS) and annual Point-in-Time Count (PIT). Additionally, the CoC will review qualitative data from targeted outreach to those over-represented in the homeless response system.

1D-10.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC's Outreach Efforts.	
	NOFO Section V.B.1.q.	

Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decisionmaking processes.

(limit 2,500 characters)

CoC-affiliated agencies are encouraged to engage individuals with lived experience in leadership roles. Currently, at least one board member with lived experience of homelessness serves in a leadership role within the CoC. The CoC acknowledges the need for a safe space for individuals with lived experiences to voice their experience with the local homeless response system. The CoC's board and partner agencies engage with individuals experiencing homelessness to gather feedback of current and future strategies. It is important to develop a rapport with individuals with lived experience of homelessness, building the trust necessary to encourage open communication.

1D-10a.	Active CoC Participation of Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

You must upload the Lived Experience Support Letter attachment to the 4B. Attachments Screen.

Enter in the chart below the number of people with lived experience who currently participate in your CoC under the four categories listed:

2.	Participate on CoC committees, subcommittees, or workgroups.	0	1
3.	Included in the development or revision of your CoC's local competition rating factors.	0	0
4.	Included in the development or revision of your CoC's coordinated entry process.	0	1

1D-10b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

Placer County's Business Advantage Network is the primary mainstream employment organization. This organization assist with job applications, resumes, employment training, and job searching. Additionally, Golden Sierra Jobs Training Agency is a close partner of the CoC, providing assistance with increasing employment skills. In addition to working with the aforementioned agencies, many partner agencies provide employment opportunities to clients that have stabilized in housing. This helps ensure individuals do not experience recidivism in the homeless response system.

1D-10c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below:

1.	how your CoC gathers feedback from people experiencing homelessness;
2.	how often your CoC gathers feedback from people experiencing homelessness;
3.	how your CoC gathers feedback from people who received assistance through the CoC Program or ESG Program;
4.	how often your CoC gathers feedback from people who have received assistance through the CoC Program or ESG Program; and
5.	steps your CoC has taken to address challenges raised by people with lived experience of homelessness.

(limit 2,500 characters)

The CoC welcomes feedback from people with lived experience during the monthly CoC meetings. Additionally, feedback can be provided through service agencies, CoC committees and Coordinated Entry. As feedback is received, the CoC board discusses next steps, whether that be to provide additional technical assistance to agencies, revising policies, or dedicating resources to a specific project.

1D-11.	Increasing Affordable Housing Supply.	
	NOFO Section V.B.1.s.	

Describe in the field below at least two steps your CoC has taken in the past 12 months to engage city, county, or state governments that represent your CoC's geographic area regarding the following:

1.	reforming zoning and land use policies to permit more housing development; and
2.	reducing regulatory barriers to housing development.

(limit 2,500 characters)

The CoC works closely with County staff and city jurisdictions to discuss housing and homelessness. A number of housing developments have had to address zoning issues, and the County has worked with the development to resolve the issues in a timely manner. Additionally, the State of California has provided guidance on the development of Accessory Dwelling Units (ADU) that has the potential to increase the number of affordable housing units. The CoC has created the Local Government Advisory Committee (LoGAC) comprised of local jurisdictional staff. The purpose of LoGAC is to provide a dedicated forum where jurisdictional authorities come together to discuss and help shape regional responses to homelessness. Additionally, it offers a platform to collaborate on cross-jurisdictional efforts to lessen homelessness and its impacts, while also providing input on the Continuum of Care's mandated strategic planning efforts.

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes

1E-2a.	Scored Project Forms for One Project from Your CoC's Local Competition. We use the response to this question and Question 1E-2. along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below. NOFO Section V.B.2.a., 2.b., 2.c., and 2.d.

You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.
Complete the chart below to provide details of your CoC's local competition:

1.	What were the maximum number of points available for the renewal project form(s)?	100
2.	How many renewal projects did your CoC submit?	4
3.	What renewal project type did most applicants use?	PH-PSH

1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process. NOFO Section V.B.2.d.	
--------	--	--

Describe in the field below:

1.	how your CoC analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	the severe barriers your CoC considered.

(limit 2,500 characters)

The CoC's rating and ranking tool for renewal projects analyzed data from each renewal project's Annual Performance Report (APR) that was submitted in SAGE. The performance outcomes the committee reviewed included bed utilization, exits to positive housing destinations/retention of permanent housing, increased non-cash income, and increased access to health insurance. The Rating and Ranking Committee considered the following severity of needs and vulnerabilities in the ranking and selection process: chronic homelessness, mental disability/illness, and victims of domestic violence. Agencies who serve these populations were given prioritization. However, all project applications were identified as either 100% Dedicated, 100% DedicatedPLUS, or 100% Domestic Violence. In the case of a tiebreaker, the victim service provider is given priority.

1E-3.	Advancing Racial Equity through Participation of Over-Represented Populations in the Local Competition Review and Ranking Process. NOFO Section V.B.2.e.	
-------	---	--

Describe in the field below:

1.	how your CoC used input from persons of different races and ethnicities, particularly those over-represented in the local homelessness population, to determine the rating factors used to review project applications;
2.	how your CoC included persons of different races and ethnicities, particularly those over-represented in the local homelessness population in the review, selection, and ranking process; and
3.	how your CoC rated and ranked projects based on the degree that proposed projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and steps the projects took or will take to eliminate the identified barriers.

(limit 2,500 characters)

1. The CoC acknowledges its need to provide further outreach to obtain input from persons of different races in the rating factors. The CA Department of Housing and Community Development has required CoCs to improve outcomes regarding racial and gender equity. Using state criteria, the CoC has implemented similar requirements for agencies applying for CoC Program Funds. The 2024 Ranking included criteria on how well the applicant agency ensures racial and gender equity in housing delivery, housing services, and housing retention. The CoC openly encouraged any individual without conflict to serve on the CoC rating and ranking committee. This year, we did not receive interest from those over-represented in the local homelessness population. However, the CoC acknowledges the need to conduct more target outreach regarding rating and ranking participation. However, agencies were ranked based on the degree to which racial equity was met. Applicant agencies were asked to describe their outreach to overrepresented individuals in the homeless populations. This criteria was worth 5 points within the CoC ranking tool.

1E-4.	Reallocation—Reviewing Performance of Existing Projects.	
	NOFO Section V.B.2.f.	

Describe in the field below:

The CoC's Outcomes, Measurements and Evaluation Group (OMEG) regularly reviews each CoC-funded agency's system performance and annual performance reports to evaluate data quality and project performance. If an agency is identified as having performance issues and does not show signs of improvement prior to the CoC Program Competition, the possibility of reallocation is discussed at the Board level. There were five (5) renewal project applications submitted under this NOFO. One application is an HMIS application, 3 others are PSH projects, and 1 is a RRH project. All projects are high performing and needed in the community. The Rating and Ranking Committee did not decide to recommend reallocation or a reduction in funding.

The CA-515 region has an extremely low housing vacancy rate and high rental costs, causing many individuals and families to become homeless for the first time. The Continuum of Care brings together multiple agencies and organizations who identify situations where persons are criminalized, victimized and discharged into homelessness. The CoC identifies risk factors, intervention methods, and community interventions. Through Coordinated Entry, individuals' and households' needs and vulnerabilities are assessed. Individuals and/or families at risk of becoming homeless are provided with resources and referred to appropriate agencies who provide homeless prevention assistance. The Outcomes and Measurements Committee is responsible in monitoring the performance of the Coordinated Entry System and the CoC's strategy in reducing first time homelessness.

An individual or household that has been homeless for a longer period of time has been seen to have higher vulnerabilities, resulting in a higher vulnerability score on the By-Name List (BNL). All Rapid Rehousing and Permanent Supportive Housing Programs receiving CoC or ESG funds are required to fill vacancies through the BNL and must accept the most vulnerable person who meet the eligibility requirements (i.e. chronic homeless status, victim of domestic violence, etc.) All of these programs are Housing First and strive to screen people into the programs rather than out. The CoC's Outcomes/Measurements/Evaluation Group is tasked with monitoring and evaluating the Coordinated Entry System and overseeing the strategy to reduce the length of time individuals and families remain homeless.

Additionally, service providers in Placer County provide support and mediation with landlords to develop and/or maintain healthy landlord/client relationships. Many individuals who have been housed with RRH or PSH funds meet the chronic homeless status. These individuals may lack the necessary skills and/or behaviors to retain housing. Service providers provide outreach to landlords and offer mediation services to help clients keep his/her/their housing. The CoC is able to track if an individual has re-entered into Homelessness through the Coordinated Entry System and HMIS. Through Coordinated Entry, the individual or household's needs and vulnerabilities are re-assessed and they are placed on the BNL.
