	NOFO Section VII.B.1.a.(2)	

Describe in the field below how your CoC:	
1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;

(limit 2,500 characters)

CA-531 solicits new members by identifying a gap in representation and approaches agencies or individuals who are willing to fill the need. CA-531 is a relatively new continuum of care, and meetings are posted on the Homeless Resource Council of the Sierras' website, as well as through the CoC email list. Meeting packets are emailed five (5) days before the scheduled meeting, and all minutes are posted on the HRCS website. The meeting is always open to the public, and a special community-focused meeting is held on a quarterly basis. Nevada County's outreach team, comprised of staff from the local emergency shelter and the Behavioral Health Department, encourages homeless individuals to participate in the CoC. The CoC acknowledges that additional outreach is needed to invite organizations serving culturally specific communities experiencing homelessness.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section VII.B.1.a.(3)

3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

(limit 2,500 characters)

The CoC has a committee structure in place addressing all major needs the CoC has identified. The committees are aligned with HUD-funded activities and system performance tracking in HMIS. The four committees are: 1) Prevention and Youth, 2) Shelter, 3) Housing, and 4) Best Practices - Evidence Based Practices/HMIS/Coordinated Entry. These committees draw membership from service providers and advocates, with any interest party being able to join. Each committee has a one-year work plan decided upon by the respective committee. The committees present its recommendations related to service needs, gaps and funding suggestions to the CoC's governing board. The feedback gathered during these committee meetings help the CoC identify funding priorities and begin discussions on how to improve the homeless response system.

Additionally, the CoC regularly communicates with CoC members, advocates and community leaders providing information about upcoming funding, CoC goals and objectives, as well as opportunities to participate in collaborative efforts to meet the needs of people experiencing homelessness. CoC leadership presents annually to the county Board of Supervisors and also presents as needed to local city councils. The CoC works closely with the County of Nevada to solicit public input on housing needs, service gaps, and funding opportunities

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section VII.B.1.a.(4)	
	Describe in the field below how your CoC notified the public:

(limit 2,500 characters)

The CoC notified the public of the 2022 Continuum of Care Program Competition on August 15, 2022 through the CoC listerv. Notification was also provided at the monthly CoC meeting. The notice the CoC provided included detail on the amount of new funding that was available through the DV bonus and the Bonus project funding, as well as the process to apply. Additionally, this notice included necessary information regarding the ranking criteria and internal timelines. The CoC actively encouraged agencies to apply for funding, regardless of if they had received CoC funds in the past. Technical assistance was provided as requested.

This committee, with assistance from the CoC Coordinator, reviews ESG funding availabilities and makes collaborative decisions based on need, performance, and funding availability. Additionally, the CoC Coordinator and his staff work closely with HCD to aid in the planning and allocating of ESG and ESG-CV funds.

Every year following the PIT and HIC, data is published and reported to the local jurisdictions. The CoC also provides data to the Homeless Data Integration System as requested by the California Interagency Council on Homelessness, a council housed out of California's Business, Consumer Services and Housing Agency. The CoC governing board includes a representative from the local Superintendent of Schools and Bright Futures for youth, a local non-profit dedicated to service local youth in overcoming housing challenges. Having representation from the school district allows for collaboration and better understanding of youth and families' issues related to poverty and homelessness. The schools have Foster Youth (THP+) and McKinney Vento programs. The local school district also receives funding from the CoC through the ESG-CV grant program to address youth homelessness in relation to the COVID-19 pandemic.

The CoC has a specific committee comprised of all youth service providers in the area who are tasked with collecting and presenting data and making specific recommendations for funding opportunities for youth and families-focused funding. The Youth Committee has been awarded 10% (more than \$100,000) of state funds to address youth homelessness resulting in program expansions for foster-age youth and unaccompanied minors. Additional funds are being utilized to create a "State of Youth Homeless in Nevada County" report that will examine data from youth providers all over the area to provide a set of specific, actionable recommendations supported by the providers to expand and enrich local services. The CoC will continue to set aside 10% of incoming local and state funding to support these efforts.

1C-4b.	Informing Individuals and Families Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section VII.B.1.d.	

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,500 characters)

The Homeless Resource Council of the Sierras has established the Education Connection policy, ensuring that the Coordinated Entry System enquires about families' education, housing and supportive needs. Families are informed of the types of educational services available and appropriate referrals are made. The CoC-affiliated agencies work directly with the local liaisons to connect children to education services, as well as enrolling them in First 5 programs or in school. With a representative of the local school district sitting on the CoC governing board, education updates are provided at the monthly CoC meetings. Clients are provided with up-to-date information through their individual sessions with their case manager. Additionally, if desired and appropriate, the client can access the Special Multi-Agency Resource Team (SMART) meetings for support. This collaborative meets weekly, follows a client-driven facilitated model and consists of Public Health, Behavioral Health, and the local schools with the goal of "Keeping Children Safe, Healthy, At-Home and In-School".

	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC regularly collaborates with organizations who help provide housing and services to survivors of domestic violence, dating violence, sexual assault, and stalking to:
1.	update CoC-wide policies; and
2.	ensure all housing and services provided in the CoC are trauma-informed and can meet the needs of survivors.

(limit 2,500 characters)

A staff member of Community Beyond Violence, the local victim service provider (VSP) serves on the CoC board. This individual is active in the CoC and provides necessary insight on the specialized needs of survivors of domestic violence, dating violence, sexual assault, and stalking. This insight helps improve the CoC-wide policies and the Coordinated Entry policies and procedures. Additionally, the CoC-affiliated agencies have staff that are trained in trauma-informed care, harm reduction, motivational interviewing, and Mental Health First Aid to help meet the needs of survivors.

1C-5a.	Annual Training on Safety and Best Practices to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below how your CoC coordinates to provide training for:
1.	project staff that addresses best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and
2.	Coordinated Entry staff that addresses best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).

(limit 2,500 characters)

The local victim service provider actively participates in the CoC. The CoC's partner agencies offer annual training opportunities to address best practices in serving survivors of domestic violence, dating violence, sexual assault, and stalking. Agency staff members, including Coordinated Entry staff, are trained in best practices including trauma-informed care, harm reduction, motivational interviewing, and Mental Health First Aid.

1C-5b.	Using De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

	Describe in the field below:
1.	the de-identified aggregate data source(s) your CoC uses for data on survivors of domestic violence, dating violence, sexual assault, and stalking; and
2.	how your CoC uses the de-identified aggregate data described in element 1 of this question to evaluate how to best meet the specialized needs related to domestic violence and homelessness.

(limit 2,500 characters)

The CoC's Coordinated Entry System (CES) includes protocols to protect the personal identifiable information of victims fleeing domestic violence, dating violence, sexual assault, and stalking. Client level data is only viewable by victim service providers (VSP) who are trained in trauma-informed practices. Aggregate data is used to assess demographic information relevant to additional service needs for DV victims. The CoC, working with the VSP, assess the data to better understand the service needs required to ensure the person is not only connected to DV services but also other services related to his/her/their specific situation, as well as identify service gaps. In addition, the VSP enters data into a HMIS-comparable database, with the capability to run CSV reports that the CoC can use to evaluate how to best meet the specialized needs related to domestic violence and homelessness.

1C-5c.	Communicating Emergency Transfer Plan to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC communicates to all individuals and families seeking or receiving CoC Program assistance:	
	1. the emergency transfer plan policies and procedures; and	
	2. the process for individuals and families to request an emergency transfer.	

(limit 2,500 characters)

The Homeless Resource Council of the Sierras has adopted into its written standards an emergency transfer plan. This plan relates to non-victim housing service providers, enabling victims to transfer to a different housing unit quickly and without penalty or loss of service/eligibility. If an individual requests an emergency transfer, it is common that the housing agencies collaborate with victim service providers to provide additional services specific to this population. Assistance is provided to individuals and families while completing specific forms to ensure the client is not terminated from the housing program or wrongly evicted from the housing unit. The individual or family will be provided with relocation assistance to safely move them into other housing, whether that be in or out of the county.

1C-5d.	Access to Housing for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC ensures that survivors of domestic violence, dating violence, sexual assault, or stalking have access to all of the housing and services available within the CoC's geographic area.	

(limit 2,500 characters)

A staff member of the local victim service provider (VSP) sits on the CoC board. Any information shared at the monthly CoC meetings is relayed to agency staff and clients as appropriate. A survivor of domestic violence, dating violence, sexual assault, or stalking needing housing and services is able to access services through any agency they are eligible for through the Coordinated Entry System (CES). When an individual is identified during the Coordinated Entry (CE) assessment process as being a victim of domestic violence, dating violence, sexual assault, or stalking, CE staff are trained to refer to the closest victim services provider to protect confidentiality and safety. This also ensures that victims have access to skilled, trauma-informed victim services and safety options. Victims are eligible for victim-specific housing. To maximize client choice for housing and services while ensuring safety and confidentiality, the CoC also offers victims the opportunity to be placed on the CE By-Name List (BNL) anonymously. Clients are placed on the BNL using the victim service provider's client ID number and the agency's contact information. The victim may choose to provide personal eligibility information if he/she so chooses. When the victim is selected from the BNL by a CoC-affiliated program, the agency contacts the victim services provider, who then contacts the victim and provides a warm handoff to the housing provider.

1C-5e.	Including Safety, Planning, and Confidentiality Protocols in Coordinated Entry to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC's coordinated entry includes:	
1.	safety protocols,
2.	planning protocols, and
3.	confidentiality protocols.

(limit 2,500 characters)

When an individual is identified during the Coordinated Entry (CE) assessment process as being a victim of domestic violence, dating violence, sexual assault, or stalking, CE staff are trained to refer to the closest victim services provider to protect confidentiality and safety. This also ensures that victims have access to skilled, trauma-informed victim services and safety options. Victims are eligible for victim-specific housing. To maximize client choice for housing and services while ensuring safety and confidentiality, the CoC also offers victims the opportunity to be placed on the CE By-Name List (BNL) anonymously. Clients are placed on the BNL using the victim service provider's client ID number and the agency's contact information. The victim may choose to provide personal eligibility information if he/she so chooses. When the victim is selected from the BNL by a CoC-affiliated program, the agency contacts the victim services provider, who then contacts the victim and provides a warm handoff to the housing provider.

On an individual basis, using aggregate data, service plans are created and a "SMART" team, consisting of those services best suited to address the needs of the client, is formed with inclusion of the client. Information such as "does the DV client have small children?" and "is the DV client over the age of 65?" is used as a basis to help ensure the client is connected to appropriate services.

1C-6a.	Anti-Discrimination Policy–Updating Policies–Assisting Providers–Evaluating Compliance–Addressing Noncompliance.	
	NOFO Section VII.B.1.f.	

Describe in the field below:

1.	whether your CoC updates its CoC-wide anti-discrimination policy, as necessary, based on stakeholder feedback;
2.	how your CoC assisted providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

The CoC has a continuum-wide policy regarding anti-discrimination, and all CoC-funded agencies are required to maintain compliance with this policy and establish internal policies within the agency. The CoC has an Outcomes, Measurements and Evaluations Group that evaluates projects on an annual basis. During this evaluation, the committee will review the agencies policies and procedures. If an agency is found to be noncompliant with the anti-discrimination policies, early intervention will be provided. The CoC will have the agency take actionable steps to remedy the findings. If the findings are not resolved, the CoC reserves the right to not recommend the agency for any state or federal funding.

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section VII.B.1.i.	

Describe in the field below:

1.	how your CoC evaluates every recipient—that checks Housing First on their Project Application—to determine if they are actually using a Housing First approach;
2.	the list of factors and performance indicators your CoC uses during its evaluation; and
3.	how your CoC regularly evaluates projects outside of the competition to ensure the projects are using a Housing First approach.

(limit 2,500 characters)

The Rating and Ranking Committee reviews the application in search of specific detail the agency provides to determine if the agency is following a housing first approach. During the months following the CoC Program Competition, the Outcomes/Measurements/Evaluation Group (OMEG) will evaluate the programs policies and procedures to determine if the agency is continuing to comply with Housing First. The indicators OMEG looks for is whether participation in services is required for financial or housing assistance or if there are any barriers the client must overcome prior to receiving services (i.e., maintain sobriety, have employment, etc.). This evaluation is conducted annually.

1D-3.	Street Outreach–Scope.	
	NOFO Section VII.B.1.j.	
	Describe in the field below:	
	1. your CoC's street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;	
	2. whether your CoC's Street Outreach covers 100 percent of the CoC's geographic area;	
	3. how often your CoC conducts street outreach; and	
	4. how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.	

(limit 2,500 characters)

The CoC maintains a robust street outreach effort covering 100% of the geographic area of the CoC. This seven (7) member Homeless Outreach and Medical Engagement (HOME) team provides intensive case management services and is comprised of Service Coordinators, Housing Navigators, Substance Use Specialists, and a Licensed Nurse. The HOME team primarily covers the western region of the County but does provide monthly outreach in the Truckee (eastern) region. Additionally, the CoC has a shelter-based outreach team that works in the Western County, comprised of case managers who engage unsheltered populations and assist in moving them into shelter. This team also provides assistance in connecting unsheltered populations to health care, primary care, treatment and other services. The CoC also has a Licensed Clinical Social Worker (LCSW) embedded with local law enforcement. The LCSW coordinates with law enforcement to respond to calls for services that involve homeless persons or encampments. In Eastern County, the CoC has two (2) dedicated outreach workers that provide case management and service linkage to residents of Truckee and the surrounding areas. All of these efforts allow the Nevada County CoC to conduct street outreach 365 days a year.

The County and the CoC partnered to create the HOME team. This innovative project that utilizes a street-based nurse and specialist in substance use treatment is the primary way in which the county works with unsheltered households least likely to request services. This health based, harm reduction approach meets people where they are at and delivers services that immediately improve their quality of life and expedite connection to health care and treatment services. The HOME team also has access to flexible funding to assist people in accessing non-congregate shelter (hotel rooms) as needed helping the team to build trust while building case plans to get these households housed. This team also coordinates with Law Enforcement, Hospitals, and Jails to ensure individuals are not discharged into homelessness.

1D-4.	Strategies to Prevent Criminalization of Homelessness.	
	NOFO Section VII.B.1.k.

6.	Other (limit 150 characters)	

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
	NOFO Section VII.B.1.m	
	Describe in the field below how your CoC:	
	1. systemically provides up-to-date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC's geographic area;	
	2. works with project staff to collaborate with healthcare organizations, including substance abuse treatment and mental health treatment, to assist program participants with receiving healthcare services; and	
	3. works with projects to promote SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.	

(limit 2,500 characters)

Nevada County utilizes Mental Health Services Act funding to provide supportive services to the homeless population. In addition, SOAR training has been provided to government staff, service providers, social workers, case managers, social security staff and volunteers on how to assist persons, especially non-trusting mentally ill persons, with advocacy and assistance with the SSI/SSDI application process. Agencies and staff are kept up-to-date regarding mainstream resources via in-person meetings, website postings, and emails. Nevada County Behavioral Health and the CoC Board are responsible or overseeing the CoC's strategy for mainstream benefits.

1D-7.	Increasing Capacity for Non-Congregate Sheltering.	
	NOFO Section VII.B.1.n.	
	Describe in the field below how your CoC is increasing its capacity to provide non-congregate sheltering.	

(limit 2,500 characters)

Due to Covid-19, many emergency shelters had to modify their capacity. As a result of this, additional funding through ESG-CV has been provided to agencies to be able to temporarily house individuals in hotels. This has been successful in getting individuals off the streets and into shelters. While the addition of non-congregate shelter is important, the CoC is actively working on developing more permanent housing.

ID-8.	Partnerships with Public Health Agencies—Collaborating to Respond to and Prevent Spread of Infectious Diseases.	
	NOFO Section VII.B.1.o.	
	Describe in the field below how your CoC effectively collaborates with state and local public health agencies to:	
	1. develop CoC-wide policies and procedures to respond to infectious disease outbreaks; and	
	2. prevent infectious disease outbreaks among people experiencing homelessness.	

(limit 2,500 characters)

Through collaboration with Public Health, the CoC and its affiliated agencies have been able to implement a plan to respond to infectious disease outbreaks. Policies have been incorporated into the CoC written standards addressing how an agency is to partner with public health and respond to any infectious disease outbreaks. As necessary, information is disseminated through the CoC by the County staff who sit on the CoC board. Additionally, policies have been developed to allow for certain agency staff to work remotely, reducing the risk of outbreaks. Furthermore, all homeless service agencies have access to a large quantity of PPE to distribute to those living in unsheltered environments.

ID-8a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section VII.B.1.o.	
	Describe in the field below how your CoC effectively equipped providers to prevent or limit infectious disease outbreaks among program participants by:	
1.	sharing information related to public health measures and homelessness, and	
2.	facilitating communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

During the Covid-19 outbreak, CoC-affiliated agencies were involved in numerous calls with public health officials and local healthcare agencies. These calls disseminated necessary information, addressing safety measures and the changes in Covid-19 cases. Local healthcare agencies and foundations also have provided homeless service agencies with personal protective equipment and sanitation supplies. Health agencies collaborated with homeless service agencies to provide vaccination clinics and administer Covid-19 testing.

1D-9.	Centralized or Coordinated Entry System—Assessment Process.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC's coordinated entry system:	
1.	covers 100 percent of your CoC's geographic area;	
2.	uses a standardized assessment process; and	
3.	is updated regularly using feedback received from participating projects and households that participated in coordinated entry.	

(limit 2,500 characters)

The Coordinated Entry System (CES) covers 100% of the geographic area of the CoC. Not only can individuals and households enter into the CES through any service provider, but outreach teams can also enter households into the CES in the field. Additionally, the CES is accessible to anyone by calling 2-1-1 information system. All methods utilize the same standard assessment forms, which is then entered into HMIS. The Outcomes, Measurements, and Evaluation Group (OMEG) regularly reviews the Coordinated Entry System process using feedback from agencies and individuals. The CES call center reports to the CoC monthly with data pertinent to the effectiveness of service provision.

1D-9a.	Program Participant-Centered Approach to Centralized or Coordinated Entry.	
	NOFO Section VII.B.1.p.	

Describe in the field below how your CoC's coordinated entry system:	
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
2.	prioritizes people most in need of assistance;
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their preferences; and
4.	takes steps to reduce burdens on people using coordinated entry.

(limit 2,500 characters)

The CoC has created a case conferencing practice for 100% of the geographic area within the CoC. Case conferencing teams meet weekly, are comprised of every relevant service provider, and each member has access to HMIS. The teams are divided by subpopulations: families and youth, Veterans, and chronic homeless. The teams work collaboratively to deliver services to households regardless of physical location. The teams work directly off the CES By-Name List, prioritizing the most vulnerable for direct connection to services and housing. As the primary method of entry into the CES can be burdensome due to long call times, any service provider or outreach worker can conduct the vulnerability assessment and enter the data into HMIS.

1D-10.	Promoting Racial Equity in Homelessness—Conducting Assessment.	
	NOFO Section VII.B.1.q.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	No

	NOFO Section VII.B.1.q.	

Describe in the field below:	
1.	your CoC's process for analyzing whether any racial disparities are present in the provision or outcomes of homeless assistance; and
2.	what racial disparities your CoC identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

Although a formal assessment has not been conducted, the CoC and Nevada County has identified that the Hispanic and Indigenous communities are underrepresented in coordinated entry and street outreach. Also, the Youth Committee has identified that a disproportionate number of Hispanic youths are experiencing homelessness. The County of Nevada, in collaboration with the CoC, is developing a strategic plan to address racial equity. A portion of this strategic plan will include an analysis of racial disparities in the region. The data used is from HMIS, the Equity Analysis Tool, and PIT Count information.

1D-10c.	Actions Taken to Address Known Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the steps your CoC and homeless providers have taken to address disparities identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

Nevada County, in collaboration with the CoC, has created a strategic plan to address homelessness in the region. This plan includes strategies to address racial disparities. It has been identified that the Hispanic and Indigenous communities are disproportionately accessing homeless services. The CoC acknowledges the need to conduct additional outreach to agencies that target these populations in order to be effective. This will be an ongoing need to adequately address the disparities.

1D-10d.	Tracking Progress on Preventing or Eliminating Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the measures your CoC has in place to track progress on preventing or eliminating disparities in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

The CoC currently utilizes HMIS data to track progress, or lack thereof, of the homeless response system with regard to preventing or eliminating disparities in the provision or outcomes of homeless assistance. The Coordinated Entry System is also being reviewed to determine if there are specific vulnerabilities or barriers that need to be asked in determining priority of service access.

1D-11.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC’s Outreach Efforts.	
	NOFO Section VII.B.1.r.	

Describe in the field below your CoC’s outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decision making processes.

(limit 2,500 characters)

CoC-affiliated agencies are encouraged to engage individuals with lived experience in leadership roles. Currently, at least one board member with lived experience of homelessness serves in a leadership role within the CoC. The CoC acknowledges the need for a safe space for individuals with lived experiences to voice their experience with the local homeless response system. The CoC’s committees engage with individuals experiencing homelessness to gather feedback of current and future strategies.

	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

The CoC and its affiliated agencies work closely with Nevada County One-Stop to help clients obtain gainful employment. In addition to working with the local One-Stop, many agencies provide employment opportunities to clients that have stabilized in housing. This helps ensure individuals do not experience recidivism in the homeless system.

1D-11c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC:

1.	how your CoC routinely gathered feedback from people experiencing homelessness and people who have received assistance through the CoC or ESG program on their experience receiving assistance; and
2.	the steps your CoC has taken to address challenges raised by people with lived experience of homelessness

(limit 2,500 characters)

The CoC welcomes feedback from people with lived experience during the monthly CoC meetings. Additionally, feedback can be provided through service agencies, CoC committees and Coordinated Entry. As feedback is received, the CoC board discusses next steps, whether that be to provide additional technical assistance to agencies, revising policies, or dedicating resources to a specific project.

1D-12.	Increasing Affordable Housing Supply.	
	NOFO Section VII.B.1.t.	

	Describe in the field below at least 2 steps your CoC has taken in the past 12 months that engage city, county, or state governments that represent your CoC's geographic area regarding the following:
1.	reforming zoning and land use policies to permit more housing development; and
2.	reducing regulatory barriers to housing development.

(limit 2,500 characters)

Members of the CoC regularly meet with County staff and city jurisdictions to discuss potential housing projects and barriers, such as zoning, that need to be addressed. Through these conversations, on permanent housing project is currently underway that had required rezoning. This project will increase the number of permanent supportive housing units. Additionally, the State of California is providing guidance on the development of Accessory Dwelling Units (ADU) that has the potential to increase the number of affordable housing units.

1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process. NOFO Section VII.B.2.d.	
--------	--	--

Describe in the field below:

1.	how your CoC collected and analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

(limit 2,500 characters)

The CoC's rating and ranking tool for renewal projects analyzed data from each renewal project's Annual Performance Report (APR) that was submitted in SAGE. The performance outcomes the committee reviewed included bed utilization, exits to positive housing destinations/retention of permanent housing, the average LOT homeless from project start date to move-in, increased earned income and increased non-cash income. The Rating and Ranking Committee considered the following severity of needs and vulnerabilities in the ranking and selection process: chronic homelessness, mental disability/illness, and victims of domestic violence. Agencies who serve these populations were given prioritization. However, all project applications were identified as either 100% Dedicated, 100% DedicatedPLUS, or 100% Domestic Violence. In the case of a tiebreaker, the victim service provider was given priority.

1E-3.	Promoting Racial Equity in the Local Competition Review and Ranking Process. NOFO Section VII.B.2.e.

2.	how the input from persons of different races, particularly those over-represented in the local homelessness population, affected how your CoC determined the rating factors used to review project applications;
3.	how your CoC included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; and
4.	how your CoC rated and ranked projects based on the degree to which their project has identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.

(limit 2,500 characters)

The CoC acknowledges its need to provide further outreach to obtain input from persons of different races and include them in the rating and ranking process. The 2022 ranking tool did include a section addressing how the applicant addresses racial equity. However, the CoC will continue to review its ranking criteria in the upcoming year to better address racial equity in the CoC Program Competition.

1E-4.	Reallocation—Reviewing Performance of Existing Projects.	
	NOFO Section VII.B.2.f.	
	Describe in the field below:

2.	whether your CoC identified any projects through this process during your local competition this year;	
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and	
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.	

(limit 2,500 characters)

The CoC's Outcomes, Measurements and Evaluation Group (OMEG) regularly reviews each CoC-funded agency's system performance and annual performance reports to evaluate data quality and project performance. If an agency is identified as having performance issues and does not show signs of improvement prior to the CoC Program Competition, the possibility of reallocation is discussed at the Board level. There were two (2) renewal project applications submitted under this NOFO. The Rating and Ranking Committee decided to conditionally award the lower scoring project, with a warning for future years. This project is valued in the community, and the CoC does not want to reallocate funding if the agency can address the issues found within the application.

2B-3.	PIT Count–Effectively Counting Youth.	
	NOFO Section VII.B.4.b.	

Describe in the field below how during the planning process for the 2022 PIT count your CoC:	
1.	engaged stakeholders that serve homeless youth;
2.	involved homeless youth in the actual count; and
3.	worked with stakeholders to select locations where homeless youth are most likely to be identified.

(limit 2,500 characters)

The CoC collaborated closely with the local schools, college and youth service provider during the facilitation of the 2022 PIT Count. The Executive Director of the homeless youth service provider is the co-chair of the CoC and involved the Youth Action Board to help identify possible locations where homeless youth are most likely to be identified. The CoC also provided incentives in the form of gift cards for youth that completed the survey and helped conduct the count.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section VII.B.5.a and VII.B.7.c.	

	In the field below:
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable;
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable; and
3.	describe how the changes affected your CoC’s PIT count results; or
4.	state “Not Applicable” if there were no changes or if you did not conduct an unsheltered PIT count in 2022.

(limit 2,500 characters)

The main change in methodology with regards to the unsheltered count is that the CoC relied on HMIS data (counting those who had services in HMIS 30 days prior to the count) for 2021 due to Covid. Last year's count did not include anyone who was unsheltered and had not entered into HMIS and did not include anyone who was previously in HMIS and exited due to inactivity by the date of the count. The CoC conducted a full unsheltered count in 2022, canvassing the entire county. There was no change in methodology for the sheltered count.

2C-1.	Reduction in the Number of First Time Homeless–Risk Factors Your CoC Uses.	
	NOFO Section VII.B.5.b.	
	In the field below:	
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
2.	describe your CoC’s strategies to address individuals and families at risk of becoming homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

The CA-531 region has an extremely low housing vacancy rate and high rental costs, causing many individuals and families to become homeless for the first time. The Continuum of Care brings together multiple agencies and organizations who identify situations where persons are criminalized, victimized and discharged into homelessness. The CoC identifies risk factors, intervention methods, and community interventions. Through Coordinated Entry, individuals' and households' needs and vulnerabilities are assessed. Individuals and/or families at risk of becoming homeless are provided with resources and referred to appropriate agencies who provide homeless prevention assistance. Furthermore, the Nevada County collaborative Homeless Action Plan has prioritized this factor in its plan. One strategy the plan has identified is to increase the availability of rental and mortgage assistance funding to prevent individuals, youth, and families from slipping into homelessness and implement a CoC-wide diversion strategy. Another strategy is to expand services and housing opportunities to transition aged youth and families with children to prevent entry into the adult homeless system and long-term homelessness. Within the Nevada County Office of Education, staff are trained across schools on qualifiers for the McKinney-Vento definition of homeless with the education system, which consists of "lacking a fixed, adequate, nighttime residence". Many youths served fall within the "doubled-up" situation due to economic hardships. Through collaboration with the CoC, a family or unaccompanied minor is referred directly from the school liaison to a homeless service agency, and a "warm handoff" is provided for services such as landlord negotiation and homeless prevention assistance. The Data Committee is responsible for monitoring the performance of the Coordinated Entry System and the CoC's strategy in reducing first time homelessness.

2C-2.	Length of Time Homeless—CoC's Strategy to Reduce.	
	NOFO Section VII.B.5.c.	
	In the field below:	
1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;	
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.	

(limit 2,500 characters)

The average length of time a person or family is homeless is 176 bed nights according to the Longitudinal System Analysis (LSA). This is a decrease from the previous year of 185 bed nights. The CoC utilizes its Coordinated Entry System to identify individuals and families with the longest lengths of time homeless. The individual/household's length of time homeless is identified through the vulnerability assessment. An individual or household that has been homeless for a longer period of time is seen to have higher vulnerabilities, resulting in a higher vulnerability score on the By-Name List (BNL). All Rapid Rehousing and Permanent Supportive Housing Programs receiving CoC or ESG funds are required to fill vacancies through the BNL and must accept the most vulnerable persons who match the eligibility requirements (i.e. chronic homeless status, victim of domestic violence, etc.) All of these programs are Housing First and strive to screen people into the programs rather than out. In addition to utilizing the Coordinated Entry System effectively, the collaborative Homeless Action Plan has developed a strategy to implement a centralized Landlord Liaison Program. This program will allow for agencies to place individuals into permanent housing quickly, reducing the length of time an individual remains homeless. The CoC's Data Committee is tasked with monitoring and evaluating the Coordinated Entry System and overseeing the strategy to reduce the length of time individuals and families remain homeless.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing—CoC's Strategy	
	NOFO Section VII.B.5.d.	
	In the field below:	
	1. describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;	
	2. describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.	

(limit 2,500 characters)

The Homeless Resource Council of the Sierras (HRCS), the collaborative applicant for CA-531, and its affiliated agencies strive to assist individuals and families in obtaining and retaining housing. Homeless service providers collaborate closely to provide wraparound case management and supportive services to help clients move into permanent housing and retain permanent housing. Supportive services include life skills training, medical and/or dental services, employment training, or mental health services. Additionally, service providers in Nevada County provide support and mediation with landlords to develop and/or maintain healthy landlord/client relationships. The Homeless Action Plan has developed strategies to continue to support and strengthen outreach, engagement, and case management, as well as expand non-congregate, navigation-based, interim housing options. This plan also strategizes to facilitate and promote partnerships for the development of affordable housing and supportive housing. Furthermore, HRCS is continually providing HMIS trainings in order to improve data quality with regard to exit destination. HMIS users are trained on the significance of the exit destination information. The County of Nevada, in collaboration with the Best Practices and Data Committee are responsible for overseeing these strategies.

2C-4.	Returns to Homelessness–CoC’s Strategy to Reduce Rate.	
	NOFO Section VII.B.5.e.	
	In the field below:	
1.	describe your CoC’s strategy to identify individuals and families who return to homelessness;	
2.	describe your CoC’s strategy to reduce the rate of additional returns to homelessness; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the rate individuals and persons in families return to homelessness.	

(limit 2,500 characters)

Many individuals who have been housed with RRH or PSH funds meet the chronic homeless status. These individuals may lack the necessary skills and/or behaviors to retain housing. All CoC and ESG funded programs are Housing First and provide wraparound services and case management to address the factors that may contribute to a client losing his/her housing. The strengthening of housing focused case management and post housing supportive services is the primary strategy to reduce the rate of returns to homelessness. Service providers provide outreach to landlords and offer mediation services to help clients keep his/her/their housing. The CoC is able to track if an individual has re-entered into Homelessness through the Coordinated Entry System and HMIS. Through Coordinated Entry, the individual or household’s needs and vulnerabilities are re-assessed, and they are placed on the BNL. The Data Committee is tasked with monitoring and evaluating the Coordinated Entry System performance and HMIS data quality to help reduce the rate individuals and person in families return to homelessness.

2C-5.	Increasing Employment Cash Income–CoC’s Strategy.	
	NOFO Section VII.B.5.f.	
	In the field below:	
1.	describe your CoC’s strategy to access employment cash sources;	
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their cash income; and	
3.	provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase income from employment.

CoC-affiliated agencies identify their client’s employment and income needs and make the appropriate referrals to these mainstream employment organizations. Additionally, the local youth service provider offers supportive services to homeless youth, assisting them in completing a "Career Technical Education" certification or equivalent to help them earn a living wage. This agency connects youth to the Alliance for Workforce Development’s Youth Job Training Program. This program provides basic needs services and case management to assist youth in obtaining employment. The Data Committee (in collaboration with the Board of Directors) is responsible for overseeing the strategy to increase job and income growth from employment.

2C-5a.	Increasing Non-employment Cash Income—CoC's Strategy

A local nonprofit in the CoC has staff trained in SOAR. This training has educated agency staff on how to assist persons, and especially non-trusting mentally ill persons, with advocacy and assistance with the SSI/SSDI application process. The CoC Board is responsible for overseeing the strategy to increase non-employment cash income, as well as the Data committee to monitor the increase of non-employment cash income.
